

# North Carolina A&T State University

## *FIRST*<sup>®</sup> Scholarship

### Scholarship Description

The College of Engineering at North Carolina A&T State University will award a merit-based, renewable scholarship in the amount of \$2,500 per year up to a maximum of \$10,000 over a consecutive four-year period. The scholarship winner will have fully participated in a *FIRST*<sup>®</sup> competition as a member of an *FIRST*<sup>®</sup> Robotics Competition (FRC<sup>®</sup>) or *FIRST*<sup>®</sup> Tech Challenge (FTC<sup>®</sup>) team, during the applicant's junior or senior high school year. Eligible students must be admitted to and entering the **College of Engineering** as a full-time Freshman student in the coming academic year. Scholarship renewal is based on maintaining good academic standing in the College of Engineering with at least a 3.30 cumulative grade point average, and compliance with university's code of student conduct.

### Application Process

Consideration for the scholarship requires the following:

1. Available only to US Applicants
2. Application and admittance to the College of Engineering at North Carolina A&T State University
3. **By March 1**, submission of the following materials to:

Dr. Tamara L. Fuller  
Director of Student Services  
North Carolina A&T State University  
McNair Hall, Office 637-B  
1601 East Market Street  
Greensboro, NC 27411

- a. A completed North Carolina A&T State University *FIRST* Scholarship Application.
- b. A 300-400 word essay describing your *FIRST* experience, including your length of service and contributions to the team. Your interest in studying in an engineering related discipline, including computer science, should also be disclosed in the essay.
- c. Two letters of recommendation, including one from an adult mentor/coach on the *FIRST* team.

## **About North Carolina A&T State University**

North Carolina Agricultural and Technical State University is one of America's highly-respected universities, focused on interdisciplinary research, creative scholarship, exemplary undergraduate and graduate instruction, and community service and engagement. As one of 16 universities of The University of North Carolina System, North Carolina A&T offers degree programs at the baccalaureate, masters, and doctoral levels; and the strategic vision of the University includes ensuring its status as a premier STEM focused institution that embraces the entrepreneurial spirit.

The purpose of the University is to provide an intellectual setting where students in higher education may find a sense of identification, belonging, responsibility, and achievement that will prepare them for roles of leadership and service in the communities where they will live and work. In this sense, the University serves as a laboratory for the development of excellence in teaching, research and public service.

North Carolina A&T currently enrolls approximately 11,000 students and we encourage you to experience the passion and explore the opportunities; as it is an exciting time to be an Aggie.
